

As an established Academy with awards for sustainability, recycling and eco friendly it is important to note the following and how it has developed.

Costs are rising and school uniform is an essential part of a pupils place within education. Therefore, due to the high costs, and rising inflation the '**Nearly New Uniform Sale**' was established.

All the uniform for sale has been generously donated by parents and students of the school, who have either left, grown out of them, or not worn them for some reason.

Our dedicated Parent's Voice members go through all items, and carefully make sure that they are of an acceptable quality for re-sale. Items that are not adequate are sent to a recycle centre; all useable items are bagged up and sent for cleaning.

All items that are sold through the '**Nearly New Uniform Sale**' have been washed and ironed by the Parent's Voice members to ensure that they have been cleaned.

West Hatch School and members of the Parent's Voice work hard to ensure that all items are presentable for sale.

Costs for all items are extremely low, and all monies made from sales goes straight back into the school

Please take a look at the items, they Will save you money.

For further information please contact the office 0208 504 8216
