24th June 2020

Dear Parents/Carers,

As you may recall from my previous correspondence, next week, beginning Monday 29th June, is catch up week for our students. Our previous catch up week was very popular with students and parents, and I know many students have a backlog of work that is causing them some anxiety. Year 12 'live' lessons will continue as normal and the Year 10 in school face to face core lessons will also continue. No other new work will be set for other year groups.

I have asked every Department to prepare a challenge activity that students can access next week if they have caught up on their work. These activities are voluntary.

Please also find below the link to the Oak National Academy which has thousands of online lessons for your children to access next week – this will help if they are struggling with any of the work they are catching up on and also means they can access lessons if they have finished all of their work. We will not be holding any more catch up weeks this term.

Finally, I will soon be in a position to write to parents, to inform you regarding our plans for September.

Yours sincerely,

Daniel Leonard
Headteacher
